EXAMINER'S STATEMENT FOR REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The prior art of Pan et al. fails to explicitly disclose or reasonably suggest an optical isolator with the components arranged as specifically claimed. It appears to the Examiner (in light of Applicant's arguments), that one of ordinary skill in the art would not have motivation to rearrange the working components in Pan et al. because it seems only logical that a device would contain a retardation (compensator) plate after a polarizer and not before as Applicant has claimed. Therefore claim 1, 9 and 16 are allowed. Claims 2-8, 10-15 and 17-22 are allowed by virtue of dependency.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Eric Wong whose telephone number is 571-272-2363. The examiner can normally be reached on Monday through Friday, 830AM - 430PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Frank Font can be reached on 571-272-2415. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
